Cockroach Prep Sheet

- Tenant is responsible for cleaning out all cabinets and removing all items including food, dishes, cups, glasses, pots and pans etc... from kitchen and bathroom area just leaving appliances in the areas to be treated.
- All items removed from cabinets must be placed in areas that are not being treated and covered with a blanket or plastic to keep items from being contaminated during the treatment.
- Tenant must NOT put any items removed from treated areas back for at least 24 hrs after treatment.
- All pets and animals of any kind must be removed from premises before treatment can begin.
- Tenant must leave the residence for at least 5 hrs after the treatment and must not enter before that time. Reentry time will be posted on customers door after service is complete.
